## Process for Meeting HOME Match Requirements

In order to ensure that matching requirements for the HOME program are satisfied, the City of Rockford has maintained a HOME match log since the inception of the HOME program. This log documents specific projects and identifies the date and amount of HOME dollars expended, the amount of match liability incurred, the value of a match contribution, the type of match and the date that it was recognized. The log maintains a running tally of recognized match contributions and allows the banking of match in excess of the required amounts associated with yearly disbursements. Such yearly disbursements are captured in the IDIS PR33 report and compared against the match log to ensure that ample match is available to satisfy the required 25% each year.
