**ADDENDUM TO BID
 WEST STATE STREET LINEAR PARK
 BID NO.: 515-PW-048**

ADDENDUM NO.: 4

To: All Bidders:

Please make the following changes to the above mentioned bid package. A portion of the following schedule of prices shall be revised to read:

Item No.	Items	Units	Quantity	Unit Price	Total
2	TOPSOIL EXCAVATION AND PLACEMENT	CU YD	900		

15	SEEDING: TYPE 3	ACRE	0.25		
15a	SEEDING: TYPE 4	ACRE	0.25		
15b	SEEDING: TYPE 5	ACRE	0.25		

A complete revised schedule of prices is attached.

Please see below for a summary and clarification from the pre-bid meeting held on May 29, 2015:

- The playground grading (200 CY) is included in the 'Playground Complete' line and excavation is included in the 'Labyrinth Complete' line. Site restoration and erosion control costs are not included in the Playground or Labyrinth lines.
- The Earth Excavation areas include bike plazas, water services, electrical services, parking lot, asphalt path, concrete playground walk, and concrete pads.
- Topsoil excavation and placement includes areas within the triangle, playground, parking lots, and bike plazas. Topsoil depth shall be 6". Please note that the quantity for this pay item has been reduced to 900 CU YD.
- Electrical work is to be bid as shown on the drawings. Modifications or changes from ComEd will be addressed via change order.

Carrie Eklund
Central Services Manager
Finance Department

- The bollards at the Labyrinth are the Annapolis Bollard from Landscape Forms. Per the manufacturer, there is no model number. They classify it as the Annapolis Bollard, 6" diameter LED light, color black.
- Water service shown at the NW corner of Avon and W State is not available. Delete from plans.
- No existing pavement is to be disturbed. New utilities will be directionally bored or the location will be modified to preserve the pavements.
- Thermoplastic striping is acceptable in the proposed parking lot.
- Orange construction fencing is an acceptable material for landscape / tree preservation.
- Alternate Bid for the turf playground surfacing is to be listed as an add / deduct to the total 'Playground Complete' line.
 - Example: If the base bid poured in place surfacing (including concrete slab) costs \$10,000 to install and the turf surfacing costs \$5,000 to install then the Alternate Bid total submitted would be a credit of \$5,000.
- IDOT permit is being applied for by City of Rockford.
- For the median irrigation, the contractor is to bid the plans as currently shown. Per the specifications, the contractor shall prepare design drawings and shop drawings for approval by the Engineer and the City of Rockford Department prior to commencement of any work on this item.
- 1-1/2" quick couplers are acceptable within the park spaces (north and south of W. State Street)
- A 2nd RPZ will be required within the water service enclosures supplying the three drinking fountains.
- Disregard note #10 on detail #3 on sheet L-5.00.
- Where conflicts are listed on the drawing specifications defer to the standard City of Rockford bid submittal requirements.
- Separate the seed pay items by type. (Native seed is much more expensive than turf, etc.) See attached revised SOP
- All required submittals shall be as specified in the City standard bid documents.

All other portions of the bid document remained unchanged.

A copy of this addendum or a reference thereto must be included with your bid or the bid will not be read or considered.

If you have any questions please contact the Central Services Division at 779-348-7164

DATED: June 5, 2015
