## Mission Statement

The City, along with Federal and State governments, finance the operating deficits of the Rockford Mass Transit District (RMTD) so that it can provide public transit service to city residents.

**Primary Functions** → The primary function of the Rockford Mass Transit District is to provide city residents transit service from 5:00 a.m. to 12:00 a.m. Monday through Friday and 5:30 a.m. to 7:00 p.m. Saturday. Until 7:00 p.m., the service is provided through eleven routes; after that hour, the routes are combined into five to provide evening service with one-hour headways until 11:45 p.m. A final non-scheduled bus then takes all remaining passengers home from the Transfer Center. Special services are also offered on an as-need basis. In addition to offering wheelchair accessible service on all routes, the District also provides demand ride and subscription services to disabled and elderly residents. The District also provides service to Machesney Park and Loves Park, for which it is reimbursed.

## Budget Analysis

The 2008 RMTD budget, July 1, 2007, to June 30, 2008, proposes spending \$10,571,000, an increase of \$719,200 (7.3%) from the 2007 budget and an increase of \$702,941 (7.1%) over the 2007 actual. Increases in personnel, contractual, supplies, and other expenses account for the increase.

The revenue estimate for 2008 is \$719,200 more than the 2007 budget and \$702,900 greater than the 2007 actual due to state and local funding increases. The federal contribution increases \$42,000 (3.2%) and the state subsidy increases \$389,000 (7.2%) from the 2007 actual. Operating revenue from the District, estimated at \$1,218,300, decreases \$9,800 from the 2007 actual, a 0.8% decrease. Overall, District revenues account for 12% of the necessary funding with the remaining \$9,352,681 (88%) being provided by the Federal Government, the State of Illinois, and area municipalities.

## Five Year Financial Forecast

The City is committed to financing the operating deficit remaining after Federal and State subsidies have been received. Given the uncertainty of Federal funding, subsidy forecasts are hard to project. However, assuming expenditure increases, stagnant fare box income, decreasing Federal funding, State grants at 55% of expenditures, and that the City would assume the remaining deficits, the following forecast is projected.

The last fare increase was from \$0.80 to \$1.00 in 1996.
