Total Firefighters: 25

Response Time: 5 mins

Narrative

Rockford fire was called for a vacant 2 family structure. When we arrived on the scene we found fire coming from the rear of the structure. The initial crews pulled the fast attack line and knocked down the main body of the fire within minutes from the exterior. While trying to make advances into the interior to get the hot spots, a firefighter fell through the floor receiving injuries to ribs and shoulder. That firefighter was transported to SWA hospital where he has since been release. The structure was a total loss and was brought down today.
