D. Permit Fees –

The following fees include the total permit fees for all Building, Mechanical, Electrical, Plumbing, and Fire Protection construction for the entire project.

Each project shall have a designated responsible party who shall be responsible for payment of the permit fees for all the construction work involved in the project; and the responsible party shall pay all the permit fees at the time the first permit is issued.

Subsequent trade permits will be issued as required for Mechanical, Electrical, Plumbing, and Fire Protection construction to the required licensed or registered contractors and no additional fee will be charged for these subsequent permits when the work was previously included in the original permit obtained by the responsible party.

For the purpose of determining permit fees, “total reported value” shall include structural, electrical, plumbing, mechanical, interior finish and normal site preparation including all labor, materials (including finish work), contractor overhead and profit, grading, retaining walls, paving, and other site work, and any demolition work unless such work was included in other permits issued by the Department.

1. Residential Permit Fees – for detached one (1) and two (2) family dwellings and townhouses not more than three stories above-grade in height with a separate means of egress and their accessory structures constructed under the International Residential Code.
  - a. New Construction fee of 0.5% (0.005) of calculated construction value which is calculated using the ICC Building Valuation Data Report published in August 2016 or a minimum fee of \$10. (NOTE: Separate permits for trade work are still required however, there are no fees.)
  - b. Alterations/Remodels and Additions fee of 0.5% (0.005) of total reported value, including labor and materials, or a minimum fee of \$10. (Both building and trade permits are calculated this way.)
  - c. Replacements of mechanical, electrical, and plumbing devices fee of 0.5% (0.005) of total reported value, including labor and materials, or a minimum fee of \$10.
  - d. Building demolition fee of 0.5% (0.005) of reported costs or a minimum fee of \$10.
  - e. \*Foundation only, underground, temporary, and utility permits prior to issuance of full permit, \$51.
2. Commercial/Multifamily(3 or more units excluding townhouses) Permit Fees
  - a. New Construction fee of 1% (0.01) of calculated construction value which is calculated using the ICC Building Valuation Data Report published in August 2016 or a minimum fee of \$20. (NOTE: Separate permits for trade work are still required however, there are no fees.)
