ENGINEERING DIVISION MAINTENANCE UPDATE
SPRING BROOK ROAD AND LYFORD ROAD INTERSECTION -
RECONSTRUCTION PROJECT

Rockford, IL- Beginning Tuesday, January 1, 2019, Mercy Way will officially be open to the general public from Spring Brook Road to Riverside Boulevard. Lyford Road east of the roundabout will continue to be closed until the spring of 2019. The City of Rockford appreciates your continued patience during this construction project.

The construction project consists of constructing new roadways along the Mercy Health Hospital campus, which will serve as a corridor to the hospital and accommodate private development in the area. Mercy Way will be accessible from Spring Brook Road and Riverside Boulevard. Lyford Road is also being extended north and will tie into the Riverside Boulevard and Paladin Parkway intersection.

Drivers are reminded to stay alert for workers when driving through the construction zone.

For questions regarding this project, please contact Austin Crull, Senior Project Manager, at (779) 348-7610.
