STREET DIVISION MAINTENANCE UPDATE

STREET SWEEPING:

Street Supervisor: Giovanni Giacomazzo

779-348-7675

Asst. Street Superintendent: Harry Noble

779 348-7619

Rockford, IL- The Street Division has completed the first rounds of Arterial and Residential sweeping this season. By the end of June, contractor crews will again focus on Arterial streets for a second time this season. The Central Business District will continue to be swept every other week throughout the summer.

We expect the fall Residential cycle to begin sometime in mid-September. At that time we will again provide weekly updates and maps.

All Street Division Operations are dependent on existing weather conditions and are subject to change accordingly. Citizens are urged to approach Public Works Crews with caution and at a reduced speed that is below posted speed limits.

The City of Rockford appreciates your continued patience and cooperation as we perform our Street Maintenance Activities

Minnesota Drive

Eastmoreland Avenue

Colorado Avenue

Eastgate Pkwy

Ohio Pkwy

Constance Drive

Laude Drive

Greendale Drive

Amherst Lane

WATER QUALITY CONTACTS:

Water Quality Group:

(779) 348-7151

Customers are advised that they may experience discolored water during hydrant flushing. While not a health hazard, iron (red water) or manganese (black water) may become stirred up within the main while flushing which may create staining on porcelain and laundry. This may result in the disturbance of sediment, possibly containing lead. It is advised that you flush your water lines for one to two minutes once work is completed in your area, including removing and cleaning faucet aerator screens to remove sediment. For this reason, it is vital that the public be aware of the time and area that will be affected.

For a detailed map of hydrant flushing locations and when staff will be working in specific neighborhoods, please visit the City's web site at: <http://rockfordil.gov/public-works/water-division/hydrant-flushing>.

Water quality questions and concerns may be directed to the Water Quality Section at (779) 348-7151.

PARK AVENUE AND WATER STREET WATER MAIN REPLACEMENT

Rockford, IL - Park Avenue from N Main Street to N Wyman Street has closed to traffic and will remain closed for up to one week so that water main installation and street restoration may occur. A detour has been posted.

Businesses within the closure are open during construction.

The Water Street and Park Avenue water main replacement project consists of replacing nearly 120 year old high-risk water main with new zinc-coated ductile iron water main, water services, hydrants and all associated appurtenances.

All work is dependent on the proper weather conditions. Drivers are reminded to obey work zone speed limits and to stay alert for workers when driving through the construction zone.

For questions regarding this project, please contact Jamie Rott, Water Superintendent, at (779) 348-7654.

6th Avenue from 6th Street to 7th Street
Woodruff Avenue from 11th Street to Broadway
Colorado Avenue from East Gate Parkway to Harrison Avenue

The operation is dependent on existing weather conditions and is subject to change accordingly. City-wide pavement striping for lane lines will continue during the months of May thru August.

Citizens are urged to approach striping crews at a reduced speed that is below posted speed limits. Proceed with caution traveling into the lane adjacent to the pavement striping crew and maintain a safe distance. Changing lanes in close proximity to the pavement striping crew is not recommended. Recent changes in EPA Regulations have mandated that manufacturers remove solvent-based driers from striping paint, thus creating extended drying times. Your cooperation is appreciated.

For questions regarding this project, please contact Jeremy Carter, Traffic Engineer, at (779) 348-7656 or Kyle Saunders, Director of Public Works, at (779) 348-7371.

CRISTINA STREET RECONSTRUCTION
(FROM BLACKHAWK PARK AVENUE TO 18TH AVENUE)

Rockford, IL - The reconstruction of Christina Street is ongoing and moving forward as scheduled. Christina Street is closed to traffic from Blackhawk Park Avenue north to 18th Avenue for removal of existing concrete roadway.

New asphalt pavement along with curb and gutter and sidewalk will be constructed. This roadwork is expected to take eight to ten weeks. All work is dependent on the proper weather conditions.

For questions regarding this project, please contact Ryan Lundberg, Project Manager, at (779) 348-7644.

STRATHMOOR DRIVE EXTENSION
(FROM MULFORD ROAD TO ROXBURY ROAD)

Rockford, IL- The Strathmoor Drive Extension is underway and continuing as scheduled. Strathmoor Drive between Mulford Road and the new Strathmoor Extension will be closed to through traffic. Strathmoor Drive will be open to local traffic, public bus and emergency services only.

New asphalt pavement along with storm sewer, curb and gutter, sidewalk, and street lighting will be constructed. This project is anticipated to be completed by the end of November 2020. All work is dependent on the proper weather conditions.

Drivers are encouraged to use the Roxbury entrances to access OSF Saint Anthony Medical Center. Drivers are reminded to drive slow and use caution when driving through work zones.

For questions regarding this project, please contact Ryan Lundberg, Project Manager, at (779) 348-7644.

9th STREET RECONSTRUCTION –
6TH AVE TO NORTH OF CHARLES STREET

Rockford, IL - The reconstruction of 9th Street continues moving forward as scheduled. On Thursday and Friday, July 23rd and 24th, Charles Street will be closed from 1st Avenue going east bound for two days to work on storm sewer installation in the intersection. West bound traffic on Charles will be down to one lane near the intersection of 9th and Charles Street for two days also starting on July 20th. Please follow the detour route for the east bound Charles Street closure. Work will continue on 9th St with the contractor working on sidewalk and prepping the roadway for pavement. The contractor will start removing pavement north of Charles street on 9th street the week of July 27th. The west outside lane of 9th street will remain open to traffic except for periodic daily lane closures within individual blocks so the contractor can safely preform their work. These closures will be limited to daily working hours and will be fully opened to the single lane at the end of each working day.

The project limits for 9th Street will be from 6th Avenue to East State Street. Improvements include the installation of larger diameter storm sewer to help alleviate drainage capacity issues, water main replacement, sidewalk replacement, and new concrete curb and gutter. The reconstruction will include the narrowing of the roadway to accommodate more accessible pedestrian facilities as well as on-street bicycle accommodations. Motorists are advised to use caution when traveling near the work zone. Total completion for the project is scheduled for October 30th.

For questions regarding this project, please contact Rick Rundblade, Senior Project Manager, at (779)348-7642.

**CHARLES AND 10TH STREET INTERSECTION TRAFFIC SIGNAL
PROJECT**

Rockford, IL- The lighting project at 10th Street and Charles Street will begin on Monday, July 23rd. Traffic Control devices will start to be put in place during this time with construction to follow. We ask that you please be aware of workers in the construction zone and proceed through with caution.

This project will consist of installing new traffic signals at the intersection and new curb and ADA sidewalk ramps will be installed as well. Total completion for the project is scheduled for October 30th.

For questions regarding this project, please contact Rick Rundblade, Senior Project Manager, at (779)348-7642.
