To: All Bidders:

Please make the following changes to the above mentioned bid package:

In response to the following question(s):

1. I see that many of the parts numbers come from Cla-Val products and we at Gasvoda & Associates Inc are the Representatives for Ross Valve in Illinois & Wisconsin. Ross Valve is a competitor to Cla-Val and we would like to bid the "New" Control Valve options for the budget but didn't know if Rockford would allow competition or be open to a new brand?

- Answer: The contractor shall submit their product to the City for review; it will be something that could be considered the next time this contract goes out for bid, not for the current open bid. The City will need to review the specs on the materials that the vendor could provide before considering making product changes.

All other portions remain unchanged.
