**WATER QUALITY CONTACTS:**

Water Quality Group:

(779) 348-7151

Customers are advised that they may experience discolored water during hydrant flushing. While not a health hazard, iron (red water) or manganese (black water) may become stirred up within the main while flushing which may create staining on porcelain and laundry. This may result in the disturbance of sediment, possibly containing lead. It is advised that you flush your water lines for one to two minutes once work is completed in your area, including removing and cleaning faucet aerator screens to remove sediment. For this reason, it is vital that the public be aware of the time and area that will be affected.

For a detailed map of hydrant flushing locations and when staff will be working in specific neighborhoods, please visit the City's web site at: <http://rockfordil.gov/public-works/water-division/hydrant-flushing>.

Water quality questions and concerns may be directed to the Water Quality Section at (779) 348-7151.

The operation is dependent on existing weather conditions and is subject to change accordingly. City-wide pavement striping for lane lines will continue during the months of May thru August.

Citizens are urged to approach striping crews at a reduced speed that is below posted speed limits. Proceed with caution traveling into the lane adjacent to the pavement striper and maintain a safe distance. Changing lanes in close proximity to the pavement striping crew is not recommended. Recent changes in EPA Regulations have mandated that manufacturers remove solvent-based driers from striping paint, thus creating extended drying times. Your cooperation is appreciated.

For questions regarding this project, please contact Jeremy Carter, Traffic Engineer, at (779) 348-7656 or Kyle Saunders, Director of Public Works, at (779) 348-7371.

**STRATHMOOR DRIVE EXTENSION**  
**(FROM MULFORD ROAD TO ROXBURY ROAD)**

**Rockford, IL-** The Strathmoor Drive Extension is underway and continuing as scheduled. Strathmoor Drive between Mulford Road and the new Strathmoor Extension will be closed to through traffic. Strathmoor Drive will be open to local traffic, public bus and emergency services only.

New asphalt pavement along with storm sewer, curb and gutter, sidewalk, and street lighting will be constructed. This project is anticipated to be completed by the end of November 2020. All work is dependent on the proper weather conditions.

Drivers are encouraged to use the Roxbury entrances to access OSF Saint Anthony Medical Center. Drivers are reminded to drive slow and use caution when driving through work zones.

For questions regarding this project, please contact Ryan Lundberg, Project Manager, at (779) 348-7644.

**CHARLES AND 10<sup>TH</sup> STREET INTERSECTION TRAFFIC SIGNAL**  
**PROJECT**

**Rockford, IL-** The lighting project at 10<sup>th</sup> Street and Charles Street continues to progress. New curb and gutter has been installed with sidewalk to follow in the next couple days. Traffic signal poles and mast arms are scheduled to be put up September 24<sup>th</sup> and 25<sup>th</sup>. Traffic is down to one lane both east bound and west bound of the intersection to accommodate the contractor with room to perform their work. We ask that you please be aware of workers in the construction zone and proceed through with caution.

This project will consist of installing new traffic signals at the intersection and new curb and ADA sidewalk ramps will be installed as well. Total completion for the project is scheduled for October 30<sup>th</sup>.

For questions regarding this project, please contact Rick Rundblade, Senior Project Manager, at (779)348-7642.

**9<sup>th</sup> STREET RECONSTRUCTION –**  
**6<sup>TH</sup> AVE TO NORTH OF CHARLES STREET**

**Rockford, IL** - The reconstruction of 9<sup>th</sup> Street continues moving forward as scheduled. The contractor will be working on preparing the west portion of the project for new curb and gutter, pavement and sidewalk in the upcoming weeks. There will be temporary block closers during the week of September 28<sup>th</sup> between 6<sup>th</sup> avenue and Charles Street to do parkway restoration. Please be aware of workers and equipment entering and exiting the site.

The project limits for 9<sup>th</sup> Street will be from 6<sup>th</sup> Avenue to East State Street. Improvements include the installation of larger diameter storm sewer to help alleviate drainage capacity issues, water main replacement, sidewalk replacement, and new concrete curb and gutter. The reconstruction will include the narrowing of the roadway to accommodate more accessible pedestrian facilities as well as on-street bicycle accommodations. Motorists are advised to use caution when traveling near the work zone. Total completion for the project is scheduled for October 30<sup>th</sup>.

For questions regarding this project, please contact Rick Rundblade, Senior Project Manager, at (779)348-7642.

**East State Street Bridge Repairs over the Rock River**

**Rockford, IL** - Bridge Repairs to the East State Bridge over the Rock River will begin on Monday, September 21, 2020. Most of the work will be contained to the underside of the bridge until October 1, 2020. Then repairs will be concentrated to the top side of the bridge. During these repairs there will be one lane in each direction all times. Traffic Lanes will shift on a day-to-day basis. Repairs are anticipated to be completed on or before October 30, 2020, weather permitting. Please use **caution** when driving in this area.

For questions regarding this project, please contact Marty Ruvolo, Senior Project Manager, at (779)348-7632.

## *City Wide Bridge Preservation Plan*

**Rockford, IL** - The City Wide Bridge Preservation Plan consists of power washing and sealing all of the concrete areas of our existing bridges. The Contractor will begin the project on Monday, September 28, 2020. The Contractor will begin on the Morgan Street Bridge over the Rock River. All of the river bridges will be completed first. During this process there will be temporary daily lane closures with at least one lane in each direction open. Repairs are anticipated to be completed on or before October 30, 2020, weather permitting. Please use **caution** when driving in this area.

For questions regarding this project, please contact Marty Ruvolo, Senior Project Manager, at (779)348-7632.
